Commissioner for Patents
Washington, D.C. 20231

Sir:

In compliance with 37 C.F.R. § 1.825(a), Applicants submit substitute sheets to amend the paper copy of the Sequence Listing.

In the Specification:

Please cancel the existing Sequence Listing for the above-identified application, replace it with the substitute Sequence Listing appended hereto, and insert the same at the end of the application.

Remarks

In accordance with 37 CFR § 1.825(a), Applicants' Attorney hereby states that the change made in the sequence listing, does not include new matter. The substitute Sequence

Listing is identical to the originally filed sequence listing except that the substitute Sequence Listing is presented in the "new" format as specified in 37 CFR §§ 1.821 - 1.825. Support for the substitute Sequence Listing can therefore be found throughout the specification and in the originally-filed Sequence Listing.

Applicants' undersigned attorney has amended the specification only to direct the entry of this corrected Sequence Listing at the end of the application.

In accordance with 37 C.F.R. § 1.825(b), the paper copy of the Sequence Listing and the computer readable copy of the Sequence Listing submitted herewith are the same.

It is respectfully believed this application is now in condition for allowance. Early notice to this effect is earnestly solicited.
